

Asset Bank

What resources do you have already to support your remote project idea?

Technical skills + resources	Support Networks	Tools	Learning opportunities	Time and money
				
				
				
				
				

You might have noticed that people are missing from this exercise. People are often the most important asset in a project, so we have dedicated a tool to them.

This tool was developed by Iriss as part of the Working Together Apart online course. For more information please visit www.iriss.org.uk
