# Project Planning Timeline

Using the timeline tool, visually map out what you will need to do, when, and what resources you will need to do it.

Start	What are the milestones and the steps between them?	What resources will you need?
DISCOVER research the subject		
DEFINE initial ideas		
DEVELOP and test ideas		
DELIVER the best ideas		
End		

This tool was developed by Iriss as part of the Working Together Apart online course. For more information please visit www.iriss.org.uk
